

Teaching & Technology Tips

Same and Different *Kidspiration*

- 1) Open Kidspiration.
- 2) Select Picture
- 3) Select a shape from the tool bar on the left. Type Alike in the box
- 4) Click off the first shape to deselect it and click on the shape again. Type Different.
- 5) To add details around either Alike or different, click in the correct box and select the add symbol tool.
- 6) Type your detail. Continue until all details have been added.
- 7) To add a title, Click on the top of the page and begin typing your title, you can Change the title and make any other changes necessary.
- 8) Save your picture as “same”
